Image-to-Print, the „Printing Technology & Innovation Days for Flexible Packaging“, offering conferences with industry experts and plant tours, is keen to support local packaging printers, converters and brand owners and to provide an insight to gravure and flexo printing best practice and future market developments.

The **Printing Technology & Innovation Days for Flexible Packaging** were hosted with great success in Russia, Malaysia, Thailand, Brazil, Argentina, Dubai, Mexico, Indonesia, China and Vietnam so far.

Upcoming destinations in important rotogravure and flexo markets include venues in Europe, Latin America and Asia.
